PROJECTS

54 POINTS REPORT FOR CHIEF MINISTER SYSTEM

54 POINTS REPORT FOR CHIEF MINISTER SYSTEM is a Web-based software solution project, developed at Jalpaiguri District Administration and National Informatics Centre, govt of India. CHIEF MINISTER REPORT GENERATION SYSTEM application has been developed to insert and update data of various scheme of central government and state government.

Online Food order system

online food ordering system is web based application that lets restaurants, coffee shops, or bars accept orders online. It typically allows customers to choose and pay for food, then alerts the kitchen when an order is made. the software provides online customers with the same features someone visiting the restaurant or ordering on the phone would have. This includes access to the entire menu with full customization and varied payment methods such as card, PayPal, or cash on pickup or delivery.

HOBBIES

Listening to music

photography

Dance

DECLARATION
